GET TOGETHER AND WIN IN 2021

Dear retailer, dear clubs, dear teams,

For more than 120 years, team sports have been our passion and our business.

In sports, on the field or in the hall, many a game is played under difficult conditions and it takes a lot of strength to keep up.

Also the Coronavirus has not made the year 2020 and our business easy for all of us. But what counts is to keep up, to stand up again and again and to reflect on **your own strengths**. We will do the same in 2021.

The strengths of ERIMA are:

- ERIMA represents the team sport and is there for every team sport.
- ERIMA has an extensive collection for men, women and kids.
- The ERIMA training collections are available for 4 years.
- ERIMA stocks more than 3 Mio. articles in its new ERIMA logistics center.
- The availability of the collections is permanently about 98 %.
- The ERIMA product quality is proverbial.

ERIMA ensures that orders of team sport specialists, clubs and teams can also be processed quickly, safely and without problems in 2021.

GET TOGETHER AND WIN - this is the motto of ERIMA
and thus we go in the future with all retailers and clubs.

I wish you health and a successful year 2021 together with ERIMA.

SOCKS & SHIN GUARDS

Safety and comfort. Socks ensure perfect support and at the same time heat up the muscles. Whereas our shin guards impress with extremely sturdy, light materials and an innovative design. With or without ankle protection, every design offers optimum protection against one-on-one impact. An indispensable quality for modern football!

TUBE SOCKS

The focus was mainly on one thing in the innovative further development of the football socks: the individual wearing comfort. This is ensured by the simple combination with the matching training socks. In the deliberately simple design, the tube socks on the pitch also match classic socks and your team.

Put on training socks and shin guards, then pull the training socks over it.

EXPRESSIVE COLOURS

For over a century now the round leather ball has been rolling over pitches and amateur football fields. Clearly visible - thanks to the innovative design and modern colours, which long since replaced the classic black and white look. When manufacturing our balls we focus mainly on solvent-free, odourless inks.

Our footballs in the Sensor collection are therefore printed for the first time with water-based colours.

LONG-LASTING | ABRASION-RESISTANT
ENVIRONMENTALLY FRIENDLY | DURABLE

My personal attitude to life, as well as sport, is to always put your heart and soul into it, be strong-willed and passionate. Then you can be honest with yourself and say „I did my best“.

I developed the VRANJES Handball with this motto in mind. The aim was to develop a handball for all levels, because every player, no matter if professional or beginner, deserves a high quality handball.

The collaboration with ERIMA is ideal because ERIMA has the same set of values that I do. I am looking forward to further developing and marketing the VRANJES handball together with ERIMA.
