SMU ORDERING PROCESS CUSTOM JERSEYS & TEAMWEAR

YOUR TEAM. YOUR COLORS. YOUR SMU TEAM STYLES.

Here's how to quickly and easily create your own custom ERIMA team styles:

With the ERIMA SMU program (Special Make Up), we work with you to design jerseys and personalized sportswear that perfectly match your team—customized, high-quality, and professional. The process is clear, transparent, and straightforward. Here, we'll walk you through, step by step, how your idea becomes your finished team look.

Step-by-step guide to the ordering process

It all starts with your idea. Send an inquiry through your **sports retailer** or via email to **smu@erima.de**. Select the items you want (e.g., jerseys, shorts, other personalized items). Discuss the intended use, quantities, and timeline.

Result: A clear foundation for design and offerings.

Now your team can have its own unique look. Custom designs featuring your colors, logos, and team specifications, including numbers and team name—player names are optional. Up to three revisions are included until everything is just right

Result: Your final design draft for approval.

Final check—then it's final. Review of design, sizes, and quantities. Completely filled-out order form (items, sizes, numbers, names). Final approval from you.

Important: Once approved, no further changes can be made.

Does everything look good? Then the order will be officially placed. A transparent quote listing all items and prices, along with information on delivery times and any minimum order quantities. A written order confirmation will be sent after your approval.

Result: The order is confirmed.

Now it's time to bring your team look to life. Custom manufacturing & high-quality finishing. Precise execution of your approved design. Production time: approx. 8-12 weeks after final approval. Shipped directly to your club.

Result: Your team apparel will arrive ready to wear.

NICE TO KNOW:

Reorders are available starting at just one item. A consistent look—even across multiple seasons. Personalized support from your ERIMA team.

MATERIALS

CLASSIC

Our Classic fabric, made of 100% polyester, is extremely hard-wearing, durable, and easy to wash. The lightweight fabric efficiently wicks moisture away from the body, making it particularly comfortable to wear against the skin.

STRETCH

Our PREMIUM quality fabric is made from a polyester-elastane blend. Designed for intensive use and maximum freedom of movement, this fabric is soft, stretchy, and adapts perfectly to the body for enhanced comfort.

SENSOR

The three-dimensional weave structure gives the polyester fabric excellent breathability, ensuring comfort even during highly demanding games. Additionally, the fabric is extremely durable and hard-wearing.

POWER STRETCH

A robust yet flexible polyester-elastane blend with a higher weight than our Stretch material. This increased density enhances durability without restricting freedom of movement.

ERIMA POWER STRETCH TECHNOLOGY IN DETAIL

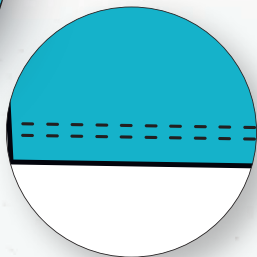

- **Round neck made of elastic ribbed material.**
- The finish with **sewn-in silicone tape** provides additional elasticity and a perfect fit - ideal for every movement.
- An **elastic, thin band at the back of the neck** offers a comfortable fit.

- **Raglan-sleeves** provide maximum freedom of movement and greater resilience, perfectly tailored to the high demands of handball.

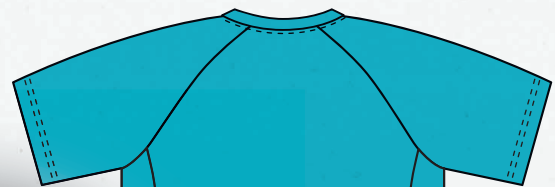

- Our **POWER STRETCH** material **made of polyester and elastane** offers high elasticity and freedom of movement. Flexible and lightweight material for unrestricted movement on the pitch. Perfect for intensive training and matches.

- **Fix Flex Sewing Thread:** Extremely durable sewing thread. Excellent abrasion resistance and strength.

- **Side seams** offset to the back ensure optimal comfort and create space for sponsor logos on the sides.
- This design detail combines functionality, durability, and individuality.

MATERIALS

CLASSIC

Our Classic fabric, made of 100% polyester, is extremely hard-wearing, durable, and easy to wash. The lightweight fabric efficiently wicks moisture away from the body, making it particularly comfortable to wear against the skin.

STRETCH

Our PREMIUM quality fabric is made from a polyester-elastane blend. Designed for intensive use and maximum freedom of movement, this fabric is soft, stretchy, and adapts perfectly to the body for enhanced comfort.

LIGHT STRETCH

The material is pleasantly light, with a subtle, soft texture on the inside, ensuring high elasticity and additional comfort. It is moisture-wicking, dries quickly, and offers a pleasantly soft feel. Perfect for running and other sports activities where freedom of movement and breathability are essential.

SUPER STRETCH

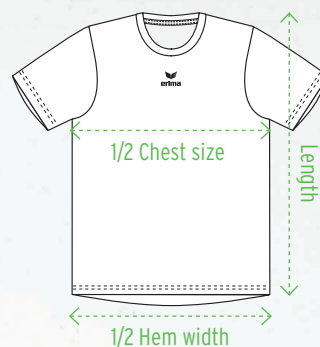

The Super Stretch fabric is a blend of polyester and elastane. Its higher elastane content provides full freedom of movement. The material is heavier, offering optimal support during sports.

SIZE TABLE

Dimensional deviations of +/-3% are within the production tolerance.

MATERIALS

CLASSIC

Our Classic fabric, made of 100% polyester, is extremely hard-wearing, durable, and easy to wash. The lightweight fabric efficiently wicks moisture away from the body, making it particularly comfortable to wear against the skin.

MESH

100% polyester mesh fabric with a fine, open pattern look for optimal comfort.

TEAMLINES GENERAL INFORMATION

Are you looking for a team line in your own custom color scheme but can't find anything suitable in the regular collection?

No problem.

Together, we'll create a design that's a perfect fit for your team—in your colors and featuring your own motifs.

ORDERING CONDITIONS

-  All current Teamline designs are available, provided they can be technically implemented on the pattern.
For example: CELEBRATE 125, EVO STAR, SIX WINGS.
-  The Teamlines are produced using a sublimation process. This allows colors, graphics, and customizations to be applied across the entire surface—perfect for unique designs. Customizations on the front and back are sublimated directly into the fabric.
-  All designs are produced using the EVO STAR Teamline pattern.
-  **S-5XL**, 128-164, 34-48
-  **Minimum order quantity per item: 25 pieces.**
Club name are of charge.
Surcharge per player name/abbreviation and number: + EUR 5,00.
-  **Repeat orders possible from 1 piece.**
Surcharges for orders of fewer than 25 pieces:
1-9 pieces + 100%
10-24 pieces + 40%
-  Required file formats: Vectorized files such as EPS, open PDF, SVG, or AI.
Alternatively, high-resolution JPEG or TIFF with at least 300 dpi resolution.
-  **Delivery time: 8-12 weeks** after design approval and order confirmation.

For your SMU request, please contact your **personal retailer** or our team at **export@erima.de** to create your individual design.

MATERIALS

CLASSIC

Our Classic fabric made of 100% polyester is extremely hard-wearing, durable and easy to wash. The lightweight fabric quality transports moisture away from the body excellently and is therefore particularly comfortable to wear against the skin.

HEAVY CLASSIC

The material is made of 100% polyester and is heavier than the Classic fabric. It is a very hard-wearing functional material, insensitive, easy to wash and allows full freedom of movement.

MESH

100% polyester mesh fabric with a fine, open pattern look for optimum comfort.
